

The Innovator

An Innovative
Partner in
Chemistry

From the President...

October 14, 2006

These are exciting times at CJB Industries with the addition of new customers, new buildings, and new employees. We are blessed to have these growth opportunities and truly appreciate our customers, suppliers and friends. CJB Industries continues striving to be the best and believe we demonstrate it through dedication to our customers, growth of our employees, expansion of our facilities, and streamlining of our systems.

Chuck Glover, Sales Manager, joined CJB Industries this summer to lead our sales efforts in contract and toll manufacturing. Chuck is currently based in Memphis, Tennessee and brings many years of experience in contract manufacturing to CJB Industries.

We completed our expansion this summer and upgraded our main facility by changing the flow of materials, coating the floors, reorganizing and improving some processes. Included in the additions, are a separate maintenance shop, assembly facility, and additional storage. The additions and changes are impressive and we invite all of our customers, potential customers, and suppliers to come and visit.

We are excited to begin the process of renovating and expanding our wet plant. We are almost complete with the planning phase and hope to break ground around the first of the year! The new addition will replace our current 6,000 square foot facility with a new 20,000 square foot facility complete with packaging systems. This addition will bring our total facilities to over 100,000 square feet.

We all encounter many opportunities in business. We at CJB Industries are here to help positively shape your opportunities. Our contract manufacturing services can be an extension of your own capabilities. Give us a call, we look forward to working with you.

Many thanks to all who have helped to make the "new" a reality for CJB Industries, especially our customers.

R. Clinton Beeland, Jr.
President

Jeannie McDaniel

Receptionist

Jeannie McDaniel joined CJB Industries over a year ago. She's the first friendly voice you'll hear when you call in. In addition to managing the phone and front office traffic (trucks & people), Jeannie works with Accounts Payable and maintains our web-based MSDS system. Jeannie and her husband Allen have 3 children ages 5 to 12 that keep them quite busy on their off hours. Their current favorite passtimes include a local race track and Wild Adventures.

Why Valdosta?

by Tyler Montague

CJB Industries location in Valdosta, Georgia is ideal for manufacturers. Did you know that Valdosta is . . .

- Within one-day's delivery to 11 automotive plants?
- Within two-day's delivery to 23 automotive plants?
 - Less than 250 miles from six major ports?
- Has access to two of the largest railroads in the USA?
- Has ready access to two major interstate highways serving both North-South & East-West points across the USA.
 - The 7th largest city in Georgia
 - The home of Moody Air Force Base.
- Called 'Winnersville' for its football tradition, including:
 - ▶ Valdosta State University (Div II National Champion, 2005)
 - ▶ Valdosta High School (6-time National Champion, 23 times State Champion)
 - ▶ Lowndes High School (Georgia State Champion, 2004 & 2005)
- Is NOT the home of the world-famous 'onion' (that's Vidalia).

We make it... and we use it!

It is not often we get to use the products we manufacture. However, Billy Whiting, maintenance technician, has found "White Tail Addiction" by Biologic to be a real winner. If you are an avid hunter it is the ticket and Billy informs us that it even works for Boar and Bear!

our quality, environmental, health and safety policies and objectives"

What can CJB Industries do for You?

by Chuck Glover

- W**e are an ISO 9001/ISO 14001 certified chemical manufacturer that can:
- Receive, approve to specification, store and stage your raw materials & packaging components, from bulk isotainer, T/T, super sacks, totes, drums, and bags.
 - Produce your finished goods to specification, palletize, stretch wrap and ship.
 - Batch blend from 50/gal to 2.5m/gal and provide consistent, reliable, accurate and flexible manufacturing and related services for your products.
 - Formulate/blend, QC, fill and package out solid and liquid chemical products into totes, drums and pails in metal, plastic & fiber, and small containers sizes from 4 oz. to 2.5/gal and ship. Warehousing is available.
 - Handle your fungicide and biocide products at our FIFRA registered site.
 - Appreciate & value your business, show it with stellar communications and service, and do it consistently.

Chuck Glover

Sales Manager

On board with us since June, Chuck is a 25+ year chemical industry sales and marketing veteran having worked for both chemical manufacturers and a custom/contract chemical packaging business. His focus is growing our Contract Packaging services business with our existing and new customers. If you haven't seen, or spoken with Chuck as yet, you probably will in the future. Chuck and wife Deborah live in Germantown, TN, (Memphis area), and have 4 children ranging in ages from 28 to 11. The latter, a late in life addition and only son, helps keep them young & certainly active in all sports and outdoor adventures.
